John,

We are trying to replace all old RC's

As old contracts come up for renewal we are sending new reclamation contracts along with addendums. Rather than send the addendum up to you for signing while we send the contract to the operator, and then sending the entire contract up to you when we receive it back from the operator, I would like to keep everything as one package to minimize mistakes.

If you have any questions, call me at 801-538-5382 or e-mail jedpearson@utah.gov

Thanks,

Jed Pearson
